

APPLE MAC OS X HEAD CLEAN & NOZZLE CHECK

1 SELECT SYSTEM PREFERENCES

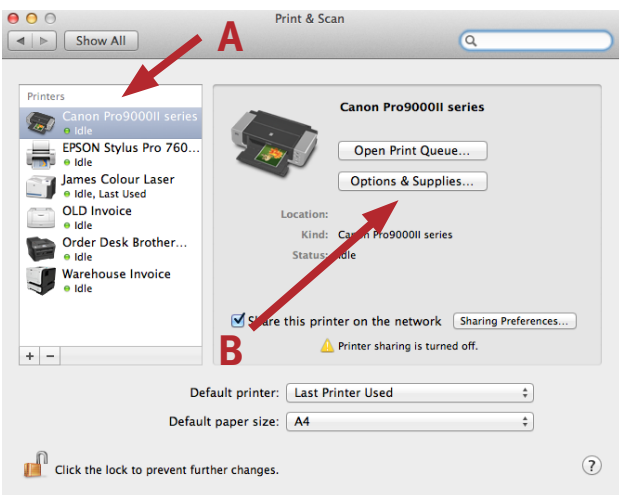

2 SELECT PRINT & SCAN

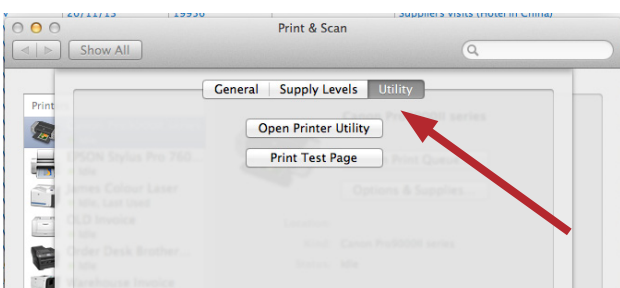

3 A) SELECT YOUR PRINTER IN THE MENU

B) SELECT OPTIONS & SUPPLIES

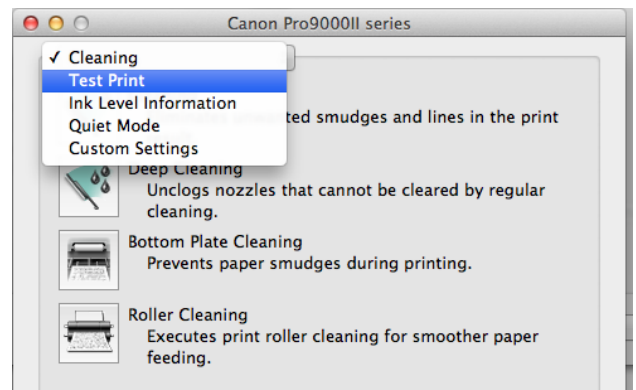

4 SELECT UTILITY

SELECT OPEN PRINTER UTILITY

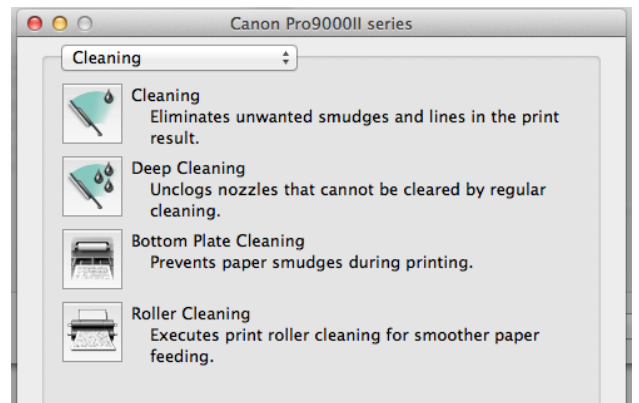

To run a Head Clean and or Nozzle check via the printer driver, please follow these steps. Remember never run more than 3 head cleans in one session, repeated cleaning will over load the printer and make the blockage worse. If after the 3rd clean and check a blockage is still present, let the printer rest for at least 20 - 30 minutes before trying again.

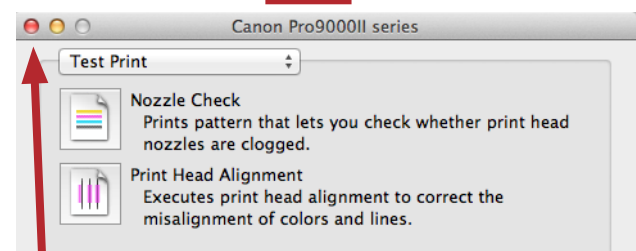

5 SELECT OPTION IN MENU

6 SELECT OPTIONS & FOLLOW PROMPTS

or

7 CLOSE WINDOWS TO CANCEL OR FINISH
